

## HAIR TRANSPLANT TRAINING COURSE

Join the most advanced training course for physicians who wish to enter the hair restoration industry. It is an ideal course for physicians who wish to acquire in depth knowledge of the modern FUE Hair Transplant technique. The course includes an introduction to hair loss and hair restoration, as well as an in-depth knowledge of the widely demanded modern FUE Hair Transplant technique.

Dr. Viral Desai is a Board-certified plastic surgeon. He has been practicing hair transplant since 2003. He pioneered in getting DHI (Direct Hair Implantation) to India. He is the Medical Director of DHI India and has personally trained all the DHI Specialists Doctors who conduct the DHI procedure. He is an invited faculty, moderator, speaker, panelist for many prestigious international & national conferences and member of most of the international bodies like IMCAS, ISHRS, ISAPS and many more.

Hair transplant is an art and science. Combining the science of transplant, the medical and psychological factors of the client, the mathematics involved along with artistic skill, we believe in giving predictable and natural results every time. With our extensive practically oriented training, you will respect every hair follicle and aim for guaranteed natural results!
